

Dear Rhea and Ranya,

On behalf of our entire team at Northwest Community Healthcare, it's with much gratitude that I thank you for your generous donation of Personal Protection Equipment (PPE).

As we face the Coronavirus (COVID-19) pandemic as a nation and continue to provide the best care possible for those we serve, we appreciate your contribution to the health and safety of our community.

Your support has played a very important role in helping keep our frontline healthcare workers equipped with the gear they need to be able to provide the immediate and quality care needed for our patients.

The spirit of giving we have seen from our community—and from businesses such as yours—continue to inspire us to keep working with a steadfast purpose and unwavering commitment for our patients and families.

Thank you for putting your trust in us as we work to earn it every day.

Our caregivers thank you, our patients thank you and I thank you.

With deep appreciation,
